➔ Profile

To obtain an entry-level position in a professional capacity that leverages my business experience and cultural education, while offering an opportunity for growth and increased responsibility while I presently attend night classes to become a full-stack web developer. I have a passion for technology and computer science and have samples of work available on GitHub, upon request.

➔ Education

July 2019– May 2020 **Austin Coding Academy**
Full Stack Web Development

April 2017– January 2018 **Austin Community College**
Java Development Series

2011– 2015 **University of Texas at San Antonio**
Bachelor's degree in Modern Language Studies GPA: 3.21
Leading activities: President of UTSA Club for Applied Spiritual Technology, 2013–2015

➔ Technical Skills

- **Languages:** Javascript, Sql, HTML, CSS ...
- **Frameworks & Libraries:** NodeJs, NPM Packet manager, PostMan, Visual Studio Code, React ...
- **Databases:** MySQL
- **Extra:** Agile, Scrum, KanBan

➔ Projects (in lieu of developer work experience, this is where you can shine)

Briefly describe the projects (products) you may have worked on or done “for fun.”

Money Manager (<https://github.com/tonezone108/MoneyManager2>):

A simple app that allows the user to manage their income & expenses in addition to income allocation to assist the user managing their own cash flow with greater organization.

➔ Work Experience (keep descriptions of irrelevant experience very short, expand on technical experience only)

Job Title | Company Name, City, Country (table: copy and paste this for multiple positions)
06/2017 – present

Describe briefly what this project/product is about, what problem(s) it helps to solve. If possible, mention some interesting facts (the number of users, awards, big-name clients, etc.).

- Your role/results/achievements
- Highlight **your accomplishments** and where you've succeeded.
- Start your bullet points with **action verbs in the past tense** (Built, Designed, Developed, Increased, Debugged, Reduced, etc.).
- **Quantify** your accomplishments, as much as possible (improved ... by 40%, reduced ... time by 50%, etc.).
- Don't include too many details. Per position, **no more than 8 bullets**. The ideal bullet length is **one or two lines**.
- Your role/results/achievements
